MICHIGAN STATE
UNIVERSITY

Share a story to support CMS

Faculty, parents, and students know the real work of CMS firsthand. These stories are vital in helping CMS fundraise because they help donors see how their donations impact others' lives. Examples might include students improving in school, meeting milestones (whether musical or not), making friends, accepting others, etc. Stories about students and clients who rely upon financial aid are especially needed. We know music changes lives, but we need you to tell us how this has happened right here at CMS. Please share with us stories you have witnessed at CMS. If you would like the people in your story to remain anonymous, you may change names and other identifying characteristics such as instruments.

Your name:

Are you a parent, student/client or faculty member?

How has CMS positively impacted someone you know?

Please return this form to Amanda Darche in the CMS office or place the form in the comments/suggestions box located outside room 103.
