MSU Community Music School Summer 2014 Rock Camp

Vocal Audition Material

All singers must choose one of the following songs to learn. You should learn the first verse and chorus of the song. Note: you will not necessarily sing these songs with your band during camp; they are for audition purposes only.

*** If a student wants to sing while playing an instrument at camp, they need to audition on both. For example, if singer would also like to play guitar or bass, they should perform both simultaneously for their audition. ***

My Generation by The Who

People try to put us d-down
Just because we get around
Things they do look awful c-c-cold
I hope I die before I get old

This is my generation
This is my generation, baby

Rock and Roll All Night by KISS

You show us everything you’ve got
You keep on dancin’ and the room gets hot
You drive us wild, we’ll drive you crazy
You say you wanna go for a spin
The party’s just begun, we’ll let you in
You drive us wild, we’ll drive you crazy
You keep on shoutin’, you keep on shoutin’

I wanna rock and roll all night and party every day (x4)
School’s Out by Alice Cooper

Well we got no choice
All the girls and boys
Makin’ all that noise
‘Cause they found new toys
Well we can’t salute ya, can’t find a flag
If that don’t suit ya, that’s a drag

School’s out for summer
School’s out forever
School’s been blown to pieces

No more pencils
No more books
No more teacher’s dirty looks

I Love Rock and Roll by Joan Jett

I saw him dancin’ there by the record machine
I knew he must’ve been about seventeen
The beat was goin’ strong
Playin’ my favorite song
And I could tell it wouldn’t be long
Till he was with me, yeah me, singin’

I love rock n’ roll
So put another dime in the jukebox, baby
I love rock n’ roll
So come and take your time and dance with me

Seven Nation Army by The White Stripes

I’m gonna fight ‘em off
A seven nation army couldn’t hold me back
They’re gonna rip it off taking their time right behind my back

And I’m talking to myself at night because I can’t forget
Back and forth through my mind behind a cigarette
And the message coming from my eyes says leave it alone
Smells Like Teen Spirit by Nirvana

Load up on guns and bring your friends
It's fun to lose and to pretend
She's over bored and self assured
Oh no, I know a dirty word

Hello, hello, hello, how low? [x3]
Hello, hello, hello!

With the lights out, it's less dangerous
Here we are now, entertain us
I feel stupid and contagious
Here we are now, entertain us
A mulatto
An albino
A mosquito
My libido
Hey! [x3]

Animal by Neon Trees

Here we go again, I kinda wanna be more than friends
So take it easy on me
I'm afraid you're never satisfied
Here we go again, we're sick like animals
We play pretend
You're just a cannibal
And I'm afraid I won't get out alive
I won't sleep tonight

Oh oh, I want some more
Oh oh, what are you waiting for
Take a bite of my heart tonight
Oh oh, I want some more
Oh oh, what are you waiting for
What are you waiting for
Say goodbye to my heart
Tonight
Since U Been Gone by Kelly Clarkson

Here's the thing we started out friends
It was cool but it was all pretend
Yeah yeah, since u been gone

You dedicated you took the time
Wasn't long til I called you mine
Yeah yeah, since u been gone

And all you'd ever hear me say
Is how I pictured me with you
That's all you'd ever hear me say

But since u been gone
I can breathe for the first time
I'm so moving on, yeah, yeah
Thanks to you, now I get what I want
Since u been gone

Hot n’ Cold by Katy Perry

You change your mind like a girl changes clothes
Yeah, you, PMS like a girl, I would know
And you over think, always speak critically
I should know that you're no good for me

'Cause you're hot then you're cold
You're yes then you're no
You're in then you're out
You're up then you're down
You're wrong when it's right
It's black and it's white
We fight, we break up
We kiss, we make up
You don't really wanna stay, no
But you don't really wanna go-o
You're hot then you're cold
You're yes then you're no
You're in then you're out
You're up then you're down
**Rolling in the Deep by Adele**

There's a fire starting in my heart  
Reaching a fever pitch, it's bringing me out the dark  
Finally I can see you crystal clear  
Go 'head and sell me out and I'll lay your ship bare  
See how I leave with every piece of you  
Don't underestimate the things that I will do

The scars of your love remind me of us  
They keep me thinking that we almost had it all  
The scars of your love, they leave me breathless  
I can't help feeling  
We could have had it all  
Rolling in the deep  
You had my heart inside of your hand  
And you played it, to the beat

**Tonight, Tonight by Hot Chelle Rae**

It's been a really really messed up week  
Seven days of torture, seven days of bitter  
And my girlfriend went and cheated on me  
She's a California dime but it's time for me to quit her

La la la, whatever, la la la, it doesn't matter, la la la, oh well, la la la

We're going at it tonight tonight  
There's a party on the rooftop top of the world  
Tonight tonight and we're dancing on the edge of the Hollywood sign  
I don't know if I'll make it but watch how good I'll fake it  
It's all right, all right, tonight, tonight
