Beginning Ukulele

Playing the ukulele is easy and fun! Even if you have never played an instrument before, you’ll be playing the uke after the very first lesson with a big smile on your face. In this course, students learn a short history of the ukulele, the names of the parts, tuning, and four or five chords which can be used to play thousands of songs. Students should bring their own ukuleles, tuned G-C-E-A, and a three-ring binder with plastic sheet protectors to keep music and instructional notes organized.

Tuesdays, 1:30-2:30 p.m., Instructor: Ben Hassenger
Class begins October 4, 2016

Cost
$125 per semester (10 weeks)

To enroll, please contact the MSU Community Music School at (517) 355-7661 or register online at www.cms.msu.edu
